

Family Fun
and Games
at Kelley

Family Game Night at Kelley School April 6th was another big hit this year with 60 families attending.

The 90-minute evening event, planned by a group of Kelley School teachers, featured lots of fun activities tailored to promote spending time together as a family.

“People loved it _ everyone had a great time,” Lincoln School Assistant Principal Kerri Levine said.

Family Game Night began in the cafeteria with pizza, tangerines, Oreos and water, paid for with Title I Parent Involvement grant monies, being served to some 200 plus guests.

The object of the evening was for every family to “play” at four out of six game stations in the gymnasium and receive a sticker at each to put on their paper game board. Once four stickers were obtained, families were allowed to take a new game board home.

The Newark Public Library brought over their LEGOS that everyone had a great time building with.

Family Game Night was also combined with the Kelley School Book Fair with proceeds being used to benefit the Kelley School Student Activities fund.
