Senior Privilege Appeal

Students wishing to appeal their loss of privileges may do so in writing. Appeals are only accepted at the five week mark of each quarter.

Students that submit successful appeals that lead them to receive their privileges back meet all appeal deadlines and are able to describe in detail how a hardship led them to lose their privilege. They also show clearly how they overcame the obstacles associated with the hardship to improve their academic and/or behavioral standing. Students must include specific evidence that they have improved. For example, progress reports from teachers.

Return this form to Mr. Roote at the five week mark first, second, third and/or fourth quarter.

Name: _____ Date: _____

Reason for losing privileges:

Why should you receive your privileges back?

Detail two strategies you will use to avoid losing your privileges again:
