

DRUGS ARE BAD

Newark High School Youth to Youth (Y2Y) Club members did their part once again, during National Red Ribbon Week October 24-28, to remind their peers of the dangers and other negative consequences of misuse of drugs and alcohol.

They teamed up with NHS Prevention Counselor and Y2Y Co-advisor Nicole Reinholtz and Y2Y Advisor and NHS health teacher Karen Cline to get the message out that included use of morning announcements and placing anti-drug messages throughout the building and around the school campus.

They also encouraged other students to participate in daily theme events to help raise awareness of the cause.

Additionally:

- Red ribbons were distributed Oct. 24th.
- Red food options were available throughout the week for lunch.

• Reinholtz took “Healthy Selfie” photos of students filling in the blank in the statement “I’d rather be _____ than doing drugs” in the cafeteria October 26th. The pictures were hung up outside Reinholtz’s office. Students also entered a Red Ribbon Contest, sponsored by The Council On Alcoholism and Addiction of the Finger Lakes, by completing a brief quiz intended to test their knowledge of the potential dangers of alcohol and drug use.

- Red lollypops and licorice with an anti-drug message were given out in homerooms Oct. 27th and 28th.

Thanks to Karen Cline for providing photos
