

Thanks a lot!!!!!!

What do you think is inside that box class?

Wow!!!!

Classroom supplies including paper, pencils, pens, crayons, erasers, Kleenex, glue sticks, white board markers and much more was inside a box brought to Martha Groot's Kindergarten class at Lincoln School around noon February 17th.

Once they saw what was inside, the students' enthusiastic response was really gratifying to Ryan Bice, manager of the Verizon TCC store at 6774 State Route 31E in Newark, who not only gave a gift box of goodies to Groot's class, but left nine others in the school office that were to be given to various classrooms.

Bice later described Groot's students' show of appreciation as "awesome."

Last year Verizon TCC store gave similar gift boxes to Perkins School and Roosevelt Children's Center in Newark. It also donated 400 back packs containing school supplies to area school children before school opened last August.

"I think it was very fitting that Mr. Bice delivered these gifts to our school on National Random Acts of Kindness Day," Groot said after school was over Feb. 17th. "We certainly appreciate his kindness and I know everyone at our school will put these supplies to really good use."
